

5 WAYS TO MAKE *Extra Money*

COVID-19 has affected each of us in so many different ways. If you're in a tough spot and looking to make some extra cash, here are some great ways to put in a little extra work to make ends meet.

1 DELIVER GROCERIES

Many people are at greater risk of serious complications from COVID-19 and have chosen to self-isolate. This means the need for personal shoppers has grown. With Shipt, you get paid to shop and deliver groceries to clients. Shoppers make anywhere from \$16 to \$22 an hour!¹

2 BECOME A FOOD DELIVERY DRIVER

Driving for Uber Eats, Grubhub or Postmates is a great way to make extra money just by delivering food! Bonus points: Your car is going to smell amazing. We're kind of jealous.

3 SELL STUFF

Time for some spring-cleaning! Use this extra time to go through your house and find anything you could live without. Of course, you can always sell items on eBay and Craigslist. But don't forget about apps like letgo, VarageSale, Poshmark and thredUP!

4 TEACH ENGLISH

It's kind of like a tutoring route, except you're teaching English with a company like VIPKid. This is an easy way to set your own schedule and work from the comfort of home.

5 COMPLETE SURVEYS

Look into survey sites like MyPoints, Survey Junkie or Vindale Research where you'll get paid for taking surveys. Sounds like a pretty sweet deal, right? It's not a get-rich-quick plan by any means, but that extra cash can still add up over time.
