**Q: Are routine eye exams covered under my plan?**

A: Routine eye exams are NOT covered under your Florida Blue Medical Plan. Your medical plan covers treatment for eye diseases due to medical conditions and eye injuries. For example, diabetes can cause glaucoma so your doctor may refer you to an ophthalmologist. To find an in-network eye specialist, please contact me directly or go online at [www.floridablue.com](http://www.floridablue.com) and click on "Find a Doctor" on the blue task bar. If you elected Davis Vision benefits please contact them at 1-877-923-2847 to inquire about routine eye exam benefits.
