

# PASCO HWC SERVICES

## Outside Labs

Check to see if your outside lab can be completed at the Onsite Health & Wellness Centers (HWC)! Employees who are covered under the Pasco County Schools' Florida Blue medical plan can bring in their lab requisition forms from outside providers to have the labs drawn by HWC staff at no cost to them.

**Call 877-423-1330 or come in with your labs 48 hours before your scheduled appointment to receive approval by an HWC provider.** Only labs approved and ordered by an HWC provider on the HWC's approved lab list will be drawn at the HWCs. Lab results will be reviewed by an HWC provider through a scheduled appointment at the HWCs.

HWC services are available to all employees who are covered under the Pasco County Schools' Florida Blue medical plan. First time HWC users will need to register before using the HWCs. Access code PCFSD7.

## Annual Health Risk Assessments (HRA)

---

CBC, HbA1c, thyroid panels

---
