“Journey Into Outer Space”

SONG #1 • Blast Off!

Song: Blast Off!

VERSE 1

I've got an itch in my brain to find out what's up there.
I'd like to fly to the great beyond.
I will study, do the training
to become an astronaut.
Put my body through the testing,
give it everything I've got
to hear that 10, 9, 8, 7, 6, 5, 4, 3, 2, 1!

CHORUS

Blast off into the sky!
We'll be going up, get ready to fly.
We'll be coming down with something to say.
We'll be telling everyone what we did in outer space today.

VERSE 2

I'll pack a moon suit so I can space walk in orbit.
Put the telescopes in the cargo bay.
Little food packs to squeeze out
when there's zero gravity.
Lots of gauges to show me
everything I need to see.
Let's hear that 10, 9, 8, 7, 6, 5, 4, 3, 2, 1!

CHORUS

Ah!

Song #3 • The Planets Song

Song: The Planets Song

VERSE 1

We went to Mercury and Venus,
and they were so very glad to see us.

We went from Earth to Mars,
and we drove around in Martian cars.

Jupiter and Saturn smiled
when we told them we could stay a while.

Uranus and Neptune cheered
as we waved goodbye from the atmosphere.

CHORUS

It was so much fun
circling around the sun,
traveling one by one
to places we had never been.

It was so much fun
circling around the sun,
and I hope that when we're done
we can do it all again,
we can do it all again.

Newscaster 1: BREAKING NEWS! I’m just hearing this now. This is big.
(holds ear piece)
You have got to be kidding me!

Newscaster 2: What is it? What is it?
(In a drastic voice while holding newscaster 1’s arm and staring into the distance)

Newscaster 1: It’s a sad day for planets all over the solar system. Pluto is no longer a planet. It’s just too small.

ALL: *(GASP)*

Song #5 • The Pluto Song

Song: The Pluto Song

VERSE 1

Do you know my name?
Well, I bet you do;
from a famous dog
in an old cartoon.

I got lots of ice
and some big rocks, too.
I’m surrounded by
five little moons.

CHORUS

Well, they changed my name,
and I’m no longer known as a planet, ohh.
Whoa, but I’m not concerned.
Oh, I’m not gonna worry or panic, ohh.

You can call me whatever you want.
I’m gonna keep on movin’ around the sun,
movin’ around the sun.

VERSE 2

Well, a lot has changed
since it all began,
but I’m still the same
as I’ve always been.

I do everything
that a planet does.
I’m just not as big
as you thought I was.

CHORUS

CHORUS B

Oh, they changed your name,
and you’re no longer known as a planet,
ohh.

Whoa, but you’re not concerned.
Oh, you’re not gonna worry or panic, no.

They can call me whatever they want.
I’m gonna keep on movin’ around the sun,
movin’ around the sun.

Song #6 • I Am An Alien

Song: I Am An Alien

VERSE 1

I am an alien
from another galaxy.
I've come a long, long way
from the Planet Oobadabadee.
It's been a lot of fun
seeing all there is to see.
But now it's time to go.
I'm thinkin' that it's time to leave.

CHORUS

Oh whoa oh whoa...
I've gotta get back home.
Oh whoa oh whoa...
I've been gone too long.
Oh whoa oh whoa...
This is my goodbye song.
Oh whoa oh whoa...
I got to get back home.

VERSE 2

I am an alien
from another galaxy.
I've got a lot of friends
I need to get back and see.
And it's a long way home
back to Planet Oobadabadee.
And so it's time to go.
Thinkin' that it's time to leave.
